The Essex Green

Oooh, love
You're coming down on me

Oooh, love
You've got to show me

Oooh, friend
You're getting on your way

Oooh, friend
What will you take?

And when I see you
It's not like before

And when I hear you
I just need more, I just need more

Oooh, you
Can you hear me?

Oooh, you
You can free me
