

# Why Worry

The Everly Brothers

**D      A7**

Baby, I see this world has made you sad

**A7                    D**

Some people can be bad

**G                    E**

**A A6sus A7**

The things they do, The things they say

But baby

I'll wipe away those bitter tears

I'll chase away those restless fears

That turn your blue skies into grey

**D**

Why worry,

**G                    A                    D**

There should be laughter after pain

**G                    A                    D**

There should be sunshine after rain

**G                    A                    D**

These things have always been the same

**G      A      D**

So why worry now

**G      A      D**

Why worry now

Baby, when I get down I turn to you

And you make sense of what I do

I know it isn't hard to say

But baby

Just when this world seems mean and cold

Our love comes shining red and gold

And all the rest is by the way

Why worry,

There should be laughter after pain

There should be sunshine after rain

These things have always been the same

So why worry now

Why worry now

Why worry now
