

## Bridges Burned Dub

### The Expendables

Next time...

Surprise won't fool me...

And again until you die...

Don't...

Fight me, delight me...

Until every rock has been unturned...

The blood warm...

Down my elbow I am the consequence of your risk...

In blood pumped by lies...

So lightly...

Fight me, delight me...

I'm not gonna stop until  
Every rock has been unturned...

I'm not fooling around...
