

## Come Get High

The Expendables

We don't need an excuse  
Come on let's get loose  
Come get high with me

There's no wrong or right  
We just need to take flight.  
Come get high with me

Your standing by yourself  
Why don't you stand next to me  
Don't know what the effect could be  
But why not take a chance

I shoot a wink and a smile and I think you understand  
But then you take me by the hand.  
I think I'm drunk enough to dance

I don't know what I'm feeling  
But I know I can't deny  
My heads up in the ceiling  
My hearts up in the sky  
So why don't you come with me  
And we can both get high  
I think I want you tonight

You know it feels good when you're dancing  
oh so close I think I'm digging you the most  
Why not dance some more  
It might be late in the night but we're both unaware  
Or maybe we just don't care  
Cuz we're the last ones on the floor.
