

Fair Enough

The Expendables

Talked to your mama today
It's hard to find the right words to say
But we talked about them good times that we had
And now we're both still hurting and oh so sad
And that she missed you
And I miss you too

Goodbye my dear sweet friend
I'll be missing you here till the very end
I tried to be strong but sometimes it's tough
One thing that I know is this world ain't fair enough
Fair enough

I remember your face
It's a smile that can't be replaced
And I think 'bout the good times that never seemed to end
And they love your family and none of your friends
At night they missed you
I miss you too

Goodbye my dear sweet friend
I'll be missing you here till the very end

I tried to be strong but sometimes it's tough
One thing that I know is this world ain't fair enough
Fair enough

There are times when I just fall to pieces
And wish I could see you again
The same with time that the pain decreases
But memories can't replace a friend

If I can have just one more moment
I'll hold it and never let go
If I can have just one more moment
Tinasha, to let you know
That I miss you
I miss you

Goodbye my dear sweet friend
I'll be missing you here till the very end
I tried to be strong but sometimes it's tough
One thing that I know is this world ain't fair enough
Fair enough
Fair enough
Fair enough
