

Not Gonna Fade

The Expendables

I've been told to close my eyes
I've been told to look away
I've been left outside, told to rage
What my generation knows
Is that generate control
We don't need the map
Were takin' over

One step at a time to fast to stay alive
A heart attack is on the rise

Not Gonna Fade, Not Gonna Break
Were takin' over

We exist to persist
Don't want any part of it
When you come crashing down
Your voice won't be around
Stand my shot to hit and miss
Could it ever be like this
Now you're fallin to my grace
This world is our place

One step at a time to fast to stay alive
A heart attack is on the rise

Not Gonna Fade, Not Gonna Break
Were takin' over

Not Gonna Fade, Not Gonna Break
Were takin' over
