

Pass The Joint

The Expendables

Pass the joint
So I can reach my pleasure point
Santa Cruz cannabis never disappoints
The Northern Cali farmers bring it down to the coast
When I'm not home west there's one thing that I miss the most
Pass the joint
(So so good, tastes so good)

Uncle Slop with the premium crop
Bong hits in the morning until our lungs pop
Sewer peak south swell coming in hot
I hear them coming it's time to suit up
Take another puff as I climb down the rocks
Sand warm and soft but the water is not
Paddle to the top gotta stick the drop
Soon I will be land locked

Pass the joint
So I can reach my pleasure point
Santa Cruz cannabis never disappoints
The Northern Cali farmers bring it down to the coast
When I'm not home west there's one thing that I miss the most
Pass the joint

On my bike with my maximum vibe
Cutting through the fog like a ninja of the night
Mist in the air yeah the feeling is right
I hear the swell pumping can't wait for first light
I take another rip because it eases my
Mind peaceful and kind yeah the tensions unwind
Peddle down the line problems all behind
When you see me passing by...

Pass the joint
So I can reach my pleasure point
Santa Cruz cannabis never disappoints
The Northern Cali farmers bring it down to the coast
When I'm not home west there's one thing that I miss the most
Pass the joint

Take another rip because it eases my mind
Take another rip yeah so peaceful and kind
