

She's just as loose as me
Oh I don't want the rejection
So I'm keeping it cool
I catch her look my way
For a moment she looks down
She was bittin' her lip

I don't mind just where she's been now
'Cause I been there many times before
I ain't lookin' for someone to love
Just a score

I ain't worried 'bout it this time
I ain't never gonna die
I ain't worried 'bout it this time
I'm gonna get it, I'm gonna get it tonight

These moments by ourselves
Well I don't want them wasted
But it already is
She begs me on her knees
I don't got the protection
Now it's already in

I don't mind just where she's been now
'Cause I been there many times before
I ain't lookin' for someone to love
Just a score

I ain't worried 'bout it this time
I ain't never gonna die
I ain't worried 'bout it this time
I'm gonna get it, I'm gonna get it tonight

I ain't worried 'bout it this time
I ain't never gonna die
I ain't worried 'bout it this time
I'm gonna get it, I'm gonna get it tonight
