

Strive

The Expendables

Sometimes girl well you don't treat me right
Your the reason you keep me awake at night
And you make me feel alone
And you make me feel alone
And at night I think of you
But your always by my side
And at night I think of you
Girl all I can do is Strive
And I Strive yeah whooa
Strive just a little bit longer
Sometimes I Strive
Sometimes girl yeah you don't treat me right
But all I can do is Strive
And I Strive yeah whooa
Strive just a little bit longer
Sometimes I Strive
Sometimes girl yeah you don't treat me right
But all I can do is Strive
And I Strive yeah whooa
Strive just a little bit longer
Sometimes I Strive
Sometimes girl you don't treat me right
But all I can do is Strive
And at night I think of you
And your always by my side
Sometimes I think of you
But all I can do is Strive
Well I Strive yeah whooa
Strive just a little bit longer
Sometimes I Strive
Sometimes girl well you don't treat me right
But all I can do is Strive
