

# You're Right Here

The Expendables

Now I know we've been real far away  
I'm missing your touch every moment, night and day  
I told myself that I was gonna be alright  
But nothing replaces holding you every night

Now I remember that we're connected at the heart  
When the night gets wet and the road gets cold and dark  
And I remember that the distance isn't real  
When two hearts like ours are feeling how we feel

It's like you're right here  
It's like you're right here  
When I close my eyes  
It's like you're right here  
It's like you're right here

Open my phone again to find relief  
Flipping through time missed moments on repeat  
The pixel light dazzling before my eyes  
While all along a loneliness resides  
So I remember that in life we're just a part  
Of a bigger thing to control I cannot start  
And I remember that the love is what is real  
'Cause it's the only thing, the only thing that heals

It's like you're right here  
It's like you're right here  
When I close my eyes  
It's like you're right here  
It's like you're right here

Oh na na  
Oh na na na na  
Oh na na  
Oh na na na na  
Oh na na  
Oh na na na na  
Oh na na  
Oh na na na na

Now I know we've been real far away  
Missing your touch every moment, night, and day  
I told myself that I was gonna be alright  
But nothing replaces holding you every night

It's like you're right here  
It's like you're right here  
When I close my eyes  
It's like you're right here  
It's like you're right here

Oh na na  
Oh na na na na  
(When I close my eyes)  
Oh na na  
Oh na na na na  
(When I close my eyes)

Oh na na  
Oh na na na na  
(When I close my eyes)  
Oh na na  
Oh na na na na
