

Won't Be Long

The Eyeliners

Everyday since he's
gone away, I feel like
something's been
missing

I went to LA to try to
get away, I sit and
watch people go by

That's OK that he
went away
Cuz he's coming
back to me yeah
It won't be long till
he knows he's
wrong and he'll be
back again someday

I couldn't see how
much he meant to me
until that day he went
away
But he'll be back
around to my part
of town
And he'll be back
again to stay
