

Mathilda

The Fabulous Thunderbirds

Mathilda, I cried and cried for you
It makes no diff'rence what you do
Mathilda, I cried and cried in vain
I want my baby back again

You gave me love when there was none
You know that you're the only one
Deep in my heart you will remain
I'll always love you just the same

Mathilda, I cried and cried for you
It makes no diff'rence what you do
Mathilda, I cried and cried in vain
I want my baby back again

My love for you will always be
Such a precious memory
I'll always love you, come what may
No matter what you do or say

Mathilda, I cried and cried for you
It makes no diff'rence what you do
Mathilda, I cried and cried in vain
I want my baby back again
