

Meet Me on the Corner

The Fabulous Thunderbirds

You gotta meet me on the corner
Don't let nobody see
Oh, meet me on the corner
I'll let you know when I'm free
Well, you gotta meet me on the corner
I'll be hiding behind that old oak tree

You know, I've got two chicks
They're livin' in the same town
One cute as a button, people
The one I'm livin' with I'm puttin' down

You gotta meet me on the corner
Don't let nobody see
Oh, meet me on the corner
I'll be hiding behind that old oak tree

You know every time my old lady turns her back
You know I'm runnin' down the street
Looking for that little girl
Oh Lord, what a treat

You gotta meet me on the corner
Don't let nobody see
Oh, meet me on the corner
I'll be hiding behind that old oak tree

I'll be there, baby
