

Two-Time Fool

The Fabulous Thunderbirds

You broke my heart one time before
I guess I was just a fool to take you back for more
Come on, prove me wrong, love me like I love you
I don't wanna be your two-time fool

A two-time fool over you
If I let you break my heart again
A two-time fool over you
Come on, let me win
I don't wanna be your fool again

I already loved you once, you've done me wrong
I can't go through it again, my heart ain't that strong
This time I'm gonna leave it up to you
Don't you go make me a two-time fool

A two-time fool is what I'd be
If I let you break my heart again
A two-time fool over you
Come on, let me win
I don't wanna be your fool again
I don't wanna be your fool again
