

Two Time My Lovin'

The Fabulous Thunderbirds

Baby, baby, you put the hurt on me
'Cause I was blind and just couldn't see
But all these rumors that are floating around
Make this big city a very small town
I found out you've got somebody else
But I love you, baby, and I just can't help myself
I can't let you go, it's plain as day to see
I'm gonna have to let you two time me
You can two time my lovin'
Second hand love is better than none
You can two time my lovin'
Just come home when you've had your fun
You can two time my lovin'
Second hand love is better than none
You can two time my lovin'
Just come home when you've had your fun
After all everybody has their fun
Nobody feels like they are beholding anyone
They don't feel there's no more lessons to be learned
But when you rub two people together
Somebody's got to burn
But if you love somebody with all your might
You might have to fuss, you might have to fight
Resign yourself, there's nothing you can do
You're gonna have to let 'em two time you
You can two time my lovin'
Second hand love is better than none
You can two time my lovin'
Just come home when you've had your fun
But if you love somebody with all your might
You might have to fuss, you might have to fight
Resign yourself, there's nothing you can do
You're gonna have to let 'em two time you
You can two time my lovin'
Second hand love is better than none
You can two time my lovin'
Just come home when you've had your fun
You can two time my lovin'
You can two time my lovin'
You can two time my lovin'
You can two time my lovin'
Two time my lovin'
You can two time my lovin'
