

# Saints of the Sinners

The FAIM

(Take the crown, drag them down)  
(Take the crown to show them how)

We hear the calling  
The voices crawling  
And we like it loud  
We will break it  
We will take it  
Til the show is ours

Lost boys try to find a way  
Gold boys keep the dreams away

We're taking the cracked crowns, break them down  
Hang 'em on the bedroom wall  
We're dancing with bloodhounds through the town  
Banging on padlocked doors  
And we're singing like  
Oh oh oh woah oh oh woah  
We're saints of the sinners, saints of the sinners  
And we're coming for you  
Oh oh oh woah oh oh woah  
We're saints of the sinners, saints of the sinners, oh

We see the sun down  
And start the countdown  
To our final dawn  
We play it dirty  
Forever thirsty  
To take the trophy home

Lost boys try to find a way  
Gold boys keep the dreams away

We're taking the cracked crowns, break them down  
Hang 'em on the bedroom wall  
We're dancing with bloodhounds through the town  
Banging on padlocked doors  
And we're singing like  
Oh oh oh woah oh oh woah  
We're saints of the sinners, saints of the sinners  
And we're coming for you  
Oh oh oh woah oh oh woah  
We're saints of the sinners, saints of the sinners, oh

When jokers smile and angels cry  
We lose ourselves and lose our minds  
When jokers smile and angels cry  
We lose ourselves and lose our minds

We're taking the cracked crowns, break them down  
Hang 'em on the bedroom wall  
We're dancing with bloodhounds through the town  
Banging on padlocked doors  
And we're singing like  
Oh oh oh woah oh oh woah  
We're saints of the sinners, saints of the sinners

And we're coming for you  
Oh oh oh woah oh oh woah  
We're saints of the sinners, saints of the sinners, oh

We're coming, we're coming, we're coming for you  
Coming, we're coming, we're coming for you  
Coming, we're coming, we're coming for you  
Coming for you
