

Animal Needs

The Faint

We don't need cars,
We don't need pools,
We don't need trophies,
We don't need jewels,
We don't need soap,
We don't need straws,
We don't need software,
To tell us we're lost...
We don't need servants,
We don't need rules,
We don't need prophecies,
Ending in doom...

Born by humans,
Born like meat,
Primitive culture,
For minimal needs...

We've got animals needs.

Animal needs,
Animal needs,
Animal needs.

We've got animals needs.

We don't need cops,
We don't need gloves,
We don't need makeup,
To find real love...
We don't need bubbles,
We don't need hell,
We don't need perfume
To mask our smell,
We don't need dice,
We don't need fame,
We don't need coffee,
We don't need names,
We don't need toilets,
We don't need trucks,
We don't need luggage,
We don't need much...

We've got animals needs.

Animal needs,
Animal needs,
Animal needs,
Just animals needs.

We don't need slacks,
We don't need crayons,
We don't need weapons,
To kill our friends...
Destroy those dishes,
Fight that dread,
Fill those pillows,
For your made-made nest,

We don't need bricks,
We don't need glass,
We don't need fashion,
We don't need math,
We don't need jail,
We don't need smokes,
We don't need keys,
We don't need dope,
We don't need myths,
We don't need shirts,
We don't need jobs,
We don't need words.

We've got animals needs.
Animal needs,
Animal needs,
Animal needs.
Just animals needs.
