The Fall of Troy

Interrupt this call...

Reasons seem to be incomprehensible,
But it's not you or me

This is what I see,

Something here is wrong,

Someone here is wrong!

(Wash your hands of me!
I don't care anymore!
You wanna play these games?
I wanna wipe that smile
off of your face!)

Whore

(Look at my eyes!!!)

Do you think that I was joking?

Are you really that unprepared!?

Do you think that I am joking?
