## The Fall

I hate the countryside so much  
I hate the contraflow so much  
I hate the countryside so much  
I hate the contraflow so much...

Go out little tyke  
And meet at crossroads  
Early morning  
The sick hill near Buxton  
Stock reload  
I gotta do it  
Prefixed about it  
Goin' to meet Jim  
With a roll

I hate the countryside so much  
I hate the contraflow so much  
I hate the countryside so much  
I hate the contraflow so much...

As a retard I had to do it  
I hate the dole  
Them keys won't fit  
Keys won't fit (the keys won't fit)  
The keys won't fit in the socket  
Or the controls  
Stuck like grids on Pennine mud

I hate the countryside so much  
I hate the contraflow so much  
I hate the countryside so much  
I hate the contraflow so much

(Walk snake back pass)

Walk snake back  
Walk snake back  
Walk snake pass  
Walk snake bank

Go out little tyke  
Early morning  
Sick hills near Buxton  
Suffering  
I gotta do it

I hate the countryside so much  
I hate the contraflow so much  
I hate the countryside so much  
I hate the contraflow so much...
