

## Exploding Chimney

The Fall

Got rat poison  
In my workshop  
In my vicinity  
I've got rat poison  
In my vicinity  
And I'm beyond redemption

And my chimney  
Is exploding  
My Chimney  
Is exploding

Listen to me now  
Herpes, scabies and AIDS, kids  
Believe me kids  
I've been through it all  
You've gotta believe me kids  
I've been through it all

Universal Wax Solvent

And my chimney  
Is exploding  
My Chimney  
Is exploding

I've got a Universal Wax Solvent

Got rat poison  
Outside  
In my vicinity  
Listen to me now kids  
A Universal Wax Solvent  
Is exploding  
Imploding  
Exploding  
Exploding

Believe me kids  
I've been through it all
