## The Fall

It's good enough for you  
It's good enough for me  
It's good enough for you  
It's good enough for Richard  
It's good enough for Richie Sounds

Channeling hopping the other day  
Through Danish Rock TV  
I noticed the video where  
The person beared a remarkable coincidental resemblance to myself  
To the video I was in recently

So I rang the crew that the Jason fellow cited  
The attitude that group had to me  
When I asked if they had a CD player in their room  
Their tone especially

I decided to visit their room  
Where they had a pile of chairs piled behind the door  
Their tone was snotty and offensive  
So I called them  
'People like that really get on my nerves'  
To relax I called my cat

I had to wank off the cat to feed the fucking dog

It's good enough for you  
It's good enough for you  
It's good enough for Richard  
It's good enough for Richie Sounds

It's good enough for me  
It's good enough for you boy  
It's good enough for you  
It's good enough for me  
It's good enough for Richard  
It's good enough for right there
