

Hollow Mind

The Fall

Silent view, hollow mind
Where you going?
Are you a throughbred kind?
Walk outside, take a look
Kick through the rubbish
'Cause you don't give a damn

Had enough
You seen it all
All the faces
How come you're so tough?

Silent views, hollow mind
Silent views, hollow mind

You had it all
You've seen it all, that
But I reply
You don't know fuck shit

Silent views, hollow mind
How come pieces
How come so sore?
How come so sore?
How come so sore?

Silent view and a hollow mind
Silent view, hollow mind
Silent view and a hollow mind
Silent view, hollow mind
