

Ibis-Afro Man

The Fall

I ate a monkey for breakfast
I ate a skunk for lunch
I'm living in the bush
I eat with my fingers
I don't use no knife or fork
'Cause I live in the jungle
I live in jungle

I'm living in the bush
I'm living in the bush
I'm eating with my fingers
I use no fork or knife
I use no fork or knife
I know elephants and lions

I use no fork or knife

I'm living in the bush
A round return, I'm a man
And I do what I can
And I do what I can

I ate a monkey for lunch
And for breakfast I have a snack
I eat a skunk for lunch
I'm an Ibis hotel man
I do elephants and lions
To the children that I provide
I'm an African man
I'm living in a...

I got Christmas island
I'm gonna join a cruise
When you look around, I sit down

A mission
I'm an average computer man
I do what I can, I do what I can
I do what I can, I do what I can, I do what I can
And here's one of my friends
He's gonna sing one of the old songs from trigger hap...
