## The Fall

The bath clique  
Out of reach  
The bath clique  
Thank God  
Out of reach  
The women have skins of peach  
Old  
They're making my bad dreams over  
The bath clique is out of reach  
Making my bad dreams over  
Stretches outside  
Stretches outside  
Extension magnifique  
On a beach  
On a beach  
And a street  
James Murphy is their chief  
They show their bollocks when they eat  
Commercial rate awaits  
For those who join clique  
And make their pledge  
And put their material  
In the [?]  
Awaits for you, awaits for all  
Join clique  
Make the pledge  
Within reach  
Within reach  
Within reach  
Bath clique in our reach  
Stretching outside  
Bath clique out of reach  
Stretches outside  
On a beach  
In a street  
J. Murphy is their chief  
A founder awaits  
For me, for all  
Who make a pledge  
To join  
Who join clique  
Bath clique awaits  
And make their pledge  
And make their pledge  
Bath clique  
And make their pledge  
Bath clique
