

## Janet, Johnny + James

The Fall

What if the world crashed in  
Refolding behind your eyelids  
Cracked your mind  
Cracked your mind

Janet and Johnny and James  
Crash your mind  
Behind your eyelids

The people behind you  
With nepotism  
Explodes  
All that rubbish you create  
In the [?]  
Suddenly cranking  
Nepotism

Janet and Johnny and James  
Janet and Johnny and James

Dearest Lord, hear me now  
Janet and Johnny  
Coming over the mountain  
From New Guinea  
They see the star  
From you, our creator  
A startling vision of a future that didn't happen  
Ian and Eric  
The stars trace  
Over Janet and Judy  
And James  
And Susan and Johnny  
The skies reflect  
Dear Lord, help them in their abject search  
From Guineas and the bearded man  
From the hills  
Never seen again  
Janet and Johnny and James  
Reflect on your life
