

## Jim's The Fall

### The Fall

Seven-nine-nine or one million pounds  
The next fork is endless  
Fork out, I can't cover  
Accused down courts  
Endless

The road is locked up  
The next bend might lock up  
The next fork is endless

Endless outstretched hands  
Are the result of all you've given  
Close it out just for now  
There's a fly way to the south

Road is locked up  
The next bend might lock up  
Seven double nine  
Or a million pounds for you  
Fork out, covered  
We are the new Fall and you better have a look, cop

(We are the new Fall)  
(We are the new Fall)

Close it out
