

## New Formation Sermon

### The Fall

In the sand  
The beach  
The arms outstretched  
Fearsome waist  
Elbows in triangle

The bracing chill of the market is no friend  
Like pictures of yours from the fifties

One foot, two, twelve, two, three, four, full trip  
Dip walk  
Walk, side, sand, trip, skip, skid, crack

In sand  
It's a different fright  
Many become  
A rabbit in the headlights

And though  
The chill  
Brings a night  
Of transformation  
Trip, walk, sand, trip, skip, crack
