New Programme: The Kettisons

Your kids are making queerer sounds  
(Your little dog moans)  
You don't need all this hassle because your brain is aseed  
Anthony takes a front tooth  
We count them all at least  
K Sun - AK/AK like a wise one  
Your brother's in the pen but you see your electromorph  
And you can't even describe it because you're a K sun  
You are a piece of slop  
Can't say it any better  
You took a TV and nailed it to the bench of a jeweller  
Your mum's moustache needs fixing  
Dad's washing up for one  
Ketamine Sun  
All school stoolpigeons need tea, even at six foot one  
You're a walking tower of Adidas crap at a cobblers four times a month

Ketamine Sun

I was right but now I'm wrong  
I loved you now and now you're gone  
I was a goddamn fool, you taught me that  
But I look out at

K-K-Ketamine Sun...

Life is like a holy war  
Destroyed my life and the ties that bind  
Take it - my world's destroyed  
Take it

K-K-Ketamine Sun...

Behind the clouds  
For me  
Like I did  
Cos I'm
