

## Open the Boxoctosis #2

The Fall

Land of bounty

Open the box, open the box  
Open the goddamn box!

Open the box, open the box  
Open the goddamn box!

I opened the box  
Of imperial stuff  
And to my surprise  
I found twenty five warriors  
Warriors  
With shields

Open the box, open the box  
Open the goddamn box!

Open the box, open the box  
Open the goddamn box!

I opened the box  
Of imperial love  
And to my surprise  
I found twenty five warriors  
With ribbons

Land of tolerance  
Saints like me  
With good word for everybody

Open the box, open the box  
Open the goddamn box!

Everybody

Open the box, open the box  
Open the goddamn box!

I found imperious ribbons  
I opened the box  
And to my surprise  
I found love  
Imperial stuff

Open the box, open the box  
Open the goddamn box!

Open the box, open the box  
Open the goddamn box!

I opened the box  
I was well perplexed  
I opened the box  
It was orthodox  
It was looking at me  
With imperial love

I opened the box

I opened the b-b-b-b-b-b-b-b...

Land of return to seat

Land of bounty

Land of dope cake

I opened the box

(Open the box, open the box

Open the goddamn box!)

I opened the box

And to my surprise

I found twenty five warriors
