Pacifying Joint

The Fall

I'm only 19
I hit the street
I was looking for
A pacifying joint

Pacifying joint
With carrots and meat
Pacifying joint
Or a place where
Nice people should meet

Pacifying joint

The picture is of
The widow of Windsor
Or any of her
Sons and daughters

Pacifying joint
Pacifying joint
Pacifying joint
Pacifying joint

Pacifying joint
With carrots and meat
Pacifying joint
Or a place where
Nice people could meet

I'm only 19
I don't want the kind that
Puts you to sleep

And you think about a joint
Where treaties are signed
Not that kind

I have a pacifying joint
With carrots and meat
In a pacifying joint

Pacifying joint
Standing on the street
Pacifying joint

Pacifying joint!

A place to meet

Uh, keep your voice down
Keep your voice down

Pacifying joint
Pacifying joint
Pacifying joint!
Pacifying joint!
Standing on the street

Pacifying joint
We're gonna meet
Pacifying joint
