

## This Perfect Day

The Fall

Don't talk to me 'bout what you done  
There's nothing changed it still goes on  
But I'll keep laughing to the end

And I've been around this old big world  
In all your cars and sexy bars  
It's all so funny...

You're perfect day  
Your mummy says  
Your perfect day

...I can't laugh

There's no high times only bad  
It's all so bad I can't go back  
This perfect day  
Your momma says  
You don't need no one to tell me what I don't already know  
Your mummy says  
Your perfect day  
Your mummy says  
Your perfect day

I don't need no one to tell me what I don't already know

Don't talk to me about what you done  
There's nothing changed it all goes on  
Your perfect day  
Your momma says  
Don't need no one to tell me what I don't already know

I need nothing  
I need no fun  
I don't need nothing  
Nothing at all
