

Way Round

The Fall

Walked through a crystal maze you created
And enter values as Vikings enter
Leathered to 70's shoeboxes
Into glass, into glass

I hit roundabout
I hit roundabout
I hit roundabout
I hit roundabout

I stumble into glass disco sweatboxes and leathered to the 70's
And still do not know it
I hit roundabout
I hit roundabout
I hit roundabout
I hit roundabout
I just can't find my way
I just can't find my way
I just can't find my way
Round
I just can't find my way
I just can't find my way
I just can't find my way
Round

I just can't find my way
I just can't find my way
I just can't find my way
Round
I just can't find my way
I just can't find my way
I just can't find my way
Round
