

Now You Know

The Features

I had a box and lack of nerve
Won't make it easier to find the words
But you should know the way I feel
So everything will be revealed
When nothings left to be exposed
I love you girl, and now you know
woo hoo hoo whoo ooo ooo

So here we are and there we were
Oh ain't it funny how these things occur
Well like a dream you never know
Girl ain't it funny how things seem to go

But you should know the way I feel
So everything will be revealed
When nothings left to be exposed
I love you girl, and now you know
woo hoo hoo whoo ooo ooo
