

## Stark White Stork Approaching

### The Features

Saw you kicking one another in the head  
So I called upon the doctor, and the doctor said:  
'What am I supposed to do?  
There isn't one inside, but two,  
and there's only so much room  
inside a mother's womb.'

Stuck inside a dream.  
Hope it lasts forever.  
Long as we're together gonna dream my life away.  
Vividly I see that stark white stork approaching.  
Lately he's been coaching our little family.
