

The Beginning (Week One)

The Features

Week one was lots of fun
We built a fort inside your room
We walked around this town
Made out like bandits in the gloom

Where have you been so long so long
I've waited oh so long for you
I've got to figure out
Just what this means and what to do

Oh love is oh so sweet
I can't believe I call you mine
My heart was incomplete
Until you came into my life
