

## The Beginning

## The Features

Week one was lots of fun  
We built a fort inside your room  
We walked around this town  
Made out like bandits in the gloom

Where have you been so long so long  
I've waited oh so long for you  
I've got to figure out  
Just what this means and what to do

Oh love is oh so sweet  
I can't believe I call you mine  
My heart was incomplete  
Until you came into my life
