

Change Your Mind

The Feelies

You believe what you believe
That's all right it's fine with me
And when it's time to ask why
Don't bother wasting your time

You can change your mind
Happens all the time

You can take some good advice
If you do it right, might do it twice
And when you're saying goodbye
Know that you really did try

You can change your mind
Happens all the time

Running along
Coming on
Love is wrong
That's enough
Coming on
Coming on
Fast enough
Fast enough
Pass it on
Pass it on
Rise above
Rise above
Running on
Running on
