

## When You Know

The Feelies

Every time I see  
Looking back at me  
See the signs of life  
Wonder what's inside

Open your door  
One more time  
It's not that  
Hard to find

When you know

Try with all your might  
He can't take all that  
Maybe then you'll know  
Long before we go

Open your mind  
Let it be  
It's not that  
Hard to see

When you know  
When you know  
When you know  
When you know

Open your door  
One more time  
It's not that  
Hard to find

When you know  
When you know  
When you know  
When you know

When you know  
When you know  
When you know  
When you know
