

Easier Said Than Done

The Feeling

Cold hands
Warm heart
A sweet face
Well that's a good start
But I am a fool, you see
And I feel that you get the raw deal
If you stay with me

Well I find it hard to put up with this madness
Morning has come with no cure for this sadness
If I click my heels can I go back to Kansas
Love: it's easier said than done

Cold feet
It's so [?]
I've made mistakes
That even I [?]
When I fall down
Should I kiss the ground?
I wash the dirt in my eye
As you pass me by
I didn't turn around

And I find it hard to put up with this madness
Morning has come with no cure for this sadness
If I click my heels can I go back to Kansas
Love: it's easier said than done

It's easier said than done
It's easier said than done
It's easier said than done
It's easier said than done
(It's easier said than done)
It feels like I'm falling down
And It feels like I'm falling down
(It's easier said than done)
And It feels like I'm falling down
And It feels like I'm falling down

Cold hands
Warm heart
A sweet face
Well that's a good start

It's easier said than done
It's easier said than done
It's easier said than done
It's easier said than done
It's easier said than done
It's easier said than done
It's easier said than done
It's easier said than...
It's easier said than done
It's easier said than done
It's easier said than done
It's easier said than done
It's easier said than done

It's easier said than done
It's easier said than done
It's easier said than done
It's easier said than...
