Same Old Stuff

The Feeling

My love look me in the eye don't lie Whats eating you inside I know someone said I aint your kind Who knows that maybe their right

Do you feel it in your bones And bones beneath your skin And the blood that flows within I thought it was obvious

My love we're made of the same old stuff Same old stuff It's not hard Just look at how close we are Instead of how far

My love we're made of the same old stuff Same old stuff It's not hard Just look at how close we are Instead of how far

So what tell me what you got to hide Do we all get pulled back sometimes You feel cold You feel so low Just the same as i

I feel it in my bones And I feel it in my skin And the blood that flows within I thought it was obvious

My love we're made of the same old stuff Same old stuff It's not hard Just look at how close we are Instead of how far

I did it your way Don't push it baby Theres nothing more than bones and impressions now

Same old, same old, same old There's nothing more Same old, same old, same old There's nothing more

My love its time My love.

Same old, same old Same, same old.
