

# Sun Won't Shine

## The Feeling

Anything you can lose, I lose faster  
I never asked for a happy ever after  
Why am I so affected with the changing of the weather?  
January's dark days fill my world with dread

It was a hard life (Hard life)  
Selling all we had that was worth anything  
Just so we could be together  
But it's alright (Alright)  
'Cause days may be grey and the birds won't sing

But even when the sun won't shine  
You make me feel fine, make me feel fine  
Even when the sun won't shine  
You make me feel fine, make me feel fine (So fine)  
Even when the sun won't shine

And this ship sailing on the ocean's  
Only kept afloat by a crew with real devotion  
As the wind blows (Wind blows) waves across the bow  
We can batten down the hatches we can turn her around

'Cause we're free (We're free), we're free (We're free)  
People forget that we're free, don't forget you're free  
Forget you're free  
We're the lucky ones (We're the lucky ones)

Even when the sun won't shine  
You make me feel fine, make me feel fine (So fine)  
Even when the sun won't shine  
You make me feel fine, make me feel fine  
Even when the sun won't shine  
You make me feel fine, make me feel fine (So fine)  
Even when the sun won't shine  
You make me feel fine, make me feel fine (So fine)  
Even when the sun won't shine

There's something about your love  
There's something about your love

And this ship sailing on the ocean's  
Only kept afloat by a crew with real devotion  
As the wind blows (Wind blows) waves across the bow  
We can batten down the hatches we can turn her around  
And it's alright (Alright)  
'Cause being who you are is the hardest thing  
It's been that way forever, but it's alright (Alright)  
'Cause days may be grey and the birds won't sing

But even when the sun won't shine  
You make me feel fine, make me feel fine (So fine)  
Even when the sun won't shine  
You make me feel fine, make me feel fine  
Even when the sun won't shine  
You make me feel fine, make me feel fine (So fine)  
Even when the sun won't shine  
You make me feel fine, make me feel fine (So fine)

Even when the sun won't shine  
You make me feel fine, make me feel fine (So fine)  
Even when the sun won't shine  
You make me feel fine, make me feel fine  
Even when the sun won't shine  
You make me feel fine, make me feel fine (So fine)  
Even when the sun won't shine  
You make me feel fine, make me feel fine (So fine)  
Even when the sun won't shine
