

Loser Takes All

The Felice Brothers

They all used to laugh at us
Hell they probably always will
White bus, white bus
Hungry for that [?]
Starving like wolves in the mall
It's loser take all
It's loser take all

Everyone's got something to say
Cops are always on their way
Why does, why does
It's get free or die
Just ask deadeye
You better start taking my call

It's loser take all
It's loser take all

Fuck the reviews
What you know about my cd?
Fuck the girls that used to dis me
Because why does, why does
Cash please
Get on your knees
Turn your back and face the wall

It's loser take all
It's loser take all
