

## Ruby Mae

The Felice Brothers

Her name was ruby mae  
She danced the cabaret  
Such a lovely girl was she  
That ruby mae

In the open window breeze  
She pulled her stockings  
Above her knees  
Such a lovely girl was she  
That ruby mae

On a lonely winter night  
I followed her under christmas lights

So low down was I  
To ruby mae

In the bitter morning air  
I hid her body there  
In the heart of old times square  
So she'd not lose her way

Her name was ruby mae  
She danced the cabaret  
Such a lovely girl was she
