

# Candlelight

The Five Satins

Kiss me by the candlelight  
Darling, hold me oh so tight  
Tell the world we fell in love  
By the candlelight

Just turn the lights down low  
'Til it's time to, time to go  
And then we'll kiss good night  
By the candlelight

As time goes by, we'll be as one  
Me for you alone  
Our love will go on and on and on  
Like the waves in the restless sea

So please remember, dear  
The moon, the sun, the sky  
Will never ever shine as bright  
As our candlelight
