

Love With No Love in Return

The Five Satins

Despite the fact it's a wonderful world
With many treasures concerned
The very worst thing that could ever be
Is love with no love in return

Your pocket may be empty
Your future may be dark
But if there's someone who loves you
You don't know how lucky you are

I've traveled around to the faraway land
And here's the one thing I've learned
There's nothing as bad as a fella who's had
Love with no love in return

Love with no love in return

I'm faithful my dear that you'll always be near
For you are all that I yearn
And wherever I go I will never ever know
Love (your love) with no love (no love) in return
