

Girl With No Ceiling

The Fixx

Where did my money go?
Where did it go?
Oh, I found all the ladies home but the cards were never shown
Where did the money go?
Where did it go?
I tried to keep it close but you're away

And the girl with no ceiling touches down at last
Unchained to this old sound blue
And the girl with no ceiling joins us at last
Raise your glass, raise your glass

I see you running now
Future's never known
Near the money tree never grow again
But don't give me derivatives
It's hand to mouth I live
The only way I eat is to plant and sow

And the girl with no ceiling touches down at last
Unchained to this old sound blue
And the girl with no ceiling joins us at last
Raise your glass, raise your glass

Where does the money go?
Where does the money go?
Where does the money go?
The money go, the money go
Where does the money go?
Where does the money go?
Where does the money go?

Where does the money go?
Where does the money go?
Where does the money go?

And the girl with no ceiling touches down
And the girl with no ceiling touches down
And the girl with no ceiling touches down at last
Lift me up to the holding curse
And the girl with no ceiling joins us at last
I'm free in the past
And the girl with no ceiling touches down at last
Joins us at last
Joins us at last
Joins us at last
And the girl with no ceiling touches down at last
The girl with no ceiling joins us at last
