

Wake Up

The Fixx

(Wake up)

Baby, it's time to wake up
Baby, it's time to move
Things round here need a shakeup
Maybe this time we grew

Thrown around this sleepy town
Curtains drawn, morale is down
We didn't see the shadows creep
Easy credit and CCTV

I heard somebody ran out
Somebody broke free
I hope they make it to tell them
We're suffocating and can't breathe
Oh, if only we stood up
If only

Baby, it's time to wake up
Question everything you see
Look behind every fake smile
Is it real or make-believe?

All around this fragile globe
Why do the young ask why when told?
My instincts finding a resolve
Every clue, a problem solved

I heard somebody broke out
Somebody set fire
They're burning Rome again
Will this house be home again?
Oh, if only we stood up
If only we spoke out
If only we spoke out

Baby, it's time to wake up
Baby, it's time, win or lose

Somebody broke out
Somebody ran free
I hope he makes it to tell them
Oh, we're suffocating and can't breathe
Oh, if only

Somebody ran out
Somebody broke free
Somebody ran out
Somebody set free

(If only) somebody ran out
(If only) somebody broke free
(Wake up) somebody ran out
(Wake up) somebody set free
Somebody ran out
(Ooh, ooh-ooh, ooh-ooh) somebody broke free

(Oh, burning Rome again) somebody ran out
(This house feels like home again) somebody set free
(If only)
