

## Blues In a Letter

The Flamingos

Well the mailman brought me a letter  
And this is what it said  
Yes the mailman brought me a letter  
And this is what it said

I got the blues in a letter  
Let me tell you just how it went

Well she said my wonderful darling  
Just just a few nights to let you know  
Well she said my wonderful wonderful darling  
Just a few nights to let you know

I found myself a new man  
So so I've got to let you go

Tell me tell me mailman  
Why did you bring me sad news  
Now I lost my baby  
I ain't got nothing but the blues  
So so so here I stand  
Broken-hearted and all alone

So so if you happen to see my baby  
Tell her to please come back home
