

Helpless

The Flamingos

(Helpless, helpless helpless, ooh)
Helpless (helpless)
I'm so helpless (helpless)
Oh without you
I'm no good
Like a fish without the sea
I would surely cease to be
If you left me helplessly, alone

With you here by my side
I'm a king on a throne
There's nothing I can do
Long as you are my own

Promise
Say you promise
To stay here by my side
And I'll tell the stars above
There's one thing I'm guilty of
Falling helplessly in love with you

Promise
Say you promise
To stay here by my side
And I'll tell the stars above
There's one thing I'm guilty of
Falling helplessly in love with you

(Helpless, helpless ah ah)
