

# Let's Make Up

The Flamingos

Well I can tell  
I can see  
That you're still in love-a with me  
Well baby, my little darling  
Let's make up  
Yeah  
Whenever we meet  
When I'm walking down the street  
My heart seems to be  
Let's make up

Well now you know baby  
Had a lot of soul  
You know baby  
You didn't have to go  
You know baby  
That's plain to see  
Talking about you baby  
Well you know what you are to me  
I can tell  
I can feel  
That you love to feel  
Well baby, my little darling  
Let's make up, woah

Baby let's make up  
Baby let's make up  
Baby let's make up  
Baby let's make up  
Baby let's make up  
Make up make up make up make up

Well now you know baby  
I had a lot of soul  
You know baby  
You didn't have to go  
You know baby  
That's plain to see  
Talking about you baby  
Well you know what you are to me  
I can tell
